

Howdy Neighbors!

From Lakeridge High School

The administration and support staff at Lakeridge High School understand how frustrating it must be to have our students parking on the streets throughout the neighborhood. We also fully understand that the frustration does not come from those kids parking legally and with courtesy, but from those who aren't following local parking ordinances and being discourteous.

Please know—You are not Alone!!!

If you notice a car parked within 10 feet of your mailbox or parked in anyway that is discourteous, please let us know.

Email is the very best way to ensure we receive your parking concern. When emailing, please include a picture of the car illustrating the violation and a 2nd picture with a clear view of the license plate, just one picture if you can capture both. We have the ability to run plates to determine the registered owner. Most of the time, we can connect the owner of the car with an LHS student. Every concern you send to us will result in a student conference and most of the time, the re-parking of the student's car. Please send all parking concerns w/ attached pictures to:

elskej@loswego.k12.or.us

MORE GOOD NEWS REGARDING PARKING IN THE STREETS:

We recently began sending a representative from the school out into the neighborhood to monitor parking. He will be driving the Green Gator around the adjacent streets, at least once per day, looking for parking violations. You may have noticed him, he is our Campus Monitor and his name is Michael Murphy.
