

General Student Parking Permit

Open to All Students

The General Student Parking Permit is offered to any Lakeridge High School student with a valid driver's license.

If you choose this option, you will not be guaranteed a parking space. Instead, you will have multiple options, all on a first come, first served, space available basis.

In the morning, prior to 10:30 am, you may park in spaces 305 to 327 in the school lot or in any one of the designated student spaces in the church lot (see map attached). If there are no parking spaces in the school or church lot, you will have to find a legal parking space in the streets in front or adjacent to Lakeridge High School.

After 10:30 am, all student parking spaces, both in the school or the church lot, will be open to any student with a valid, LHS Student Parking Permit.

General Student Parking Permit:

\$30.00 per year
