

The background image is a close-up, low-angle shot of the front of a modern fire truck. The truck is dark-colored, possibly black or dark blue, with a prominent chrome grille and bumper. A large, polished chrome hood ornament, shaped like an eagle with spread wings, sits atop the hood. The words "LAKE OSWEGO" are embossed in gold lettering on the right side of the hood. The truck's headlights and auxiliary lights are visible, reflecting the surrounding environment. The overall image has a slightly desaturated, artistic feel.

Neighborhood Meeting

LAKE OSWEGO | SOUTH SHORE FIRE STATION 212

PROJECT GOALS

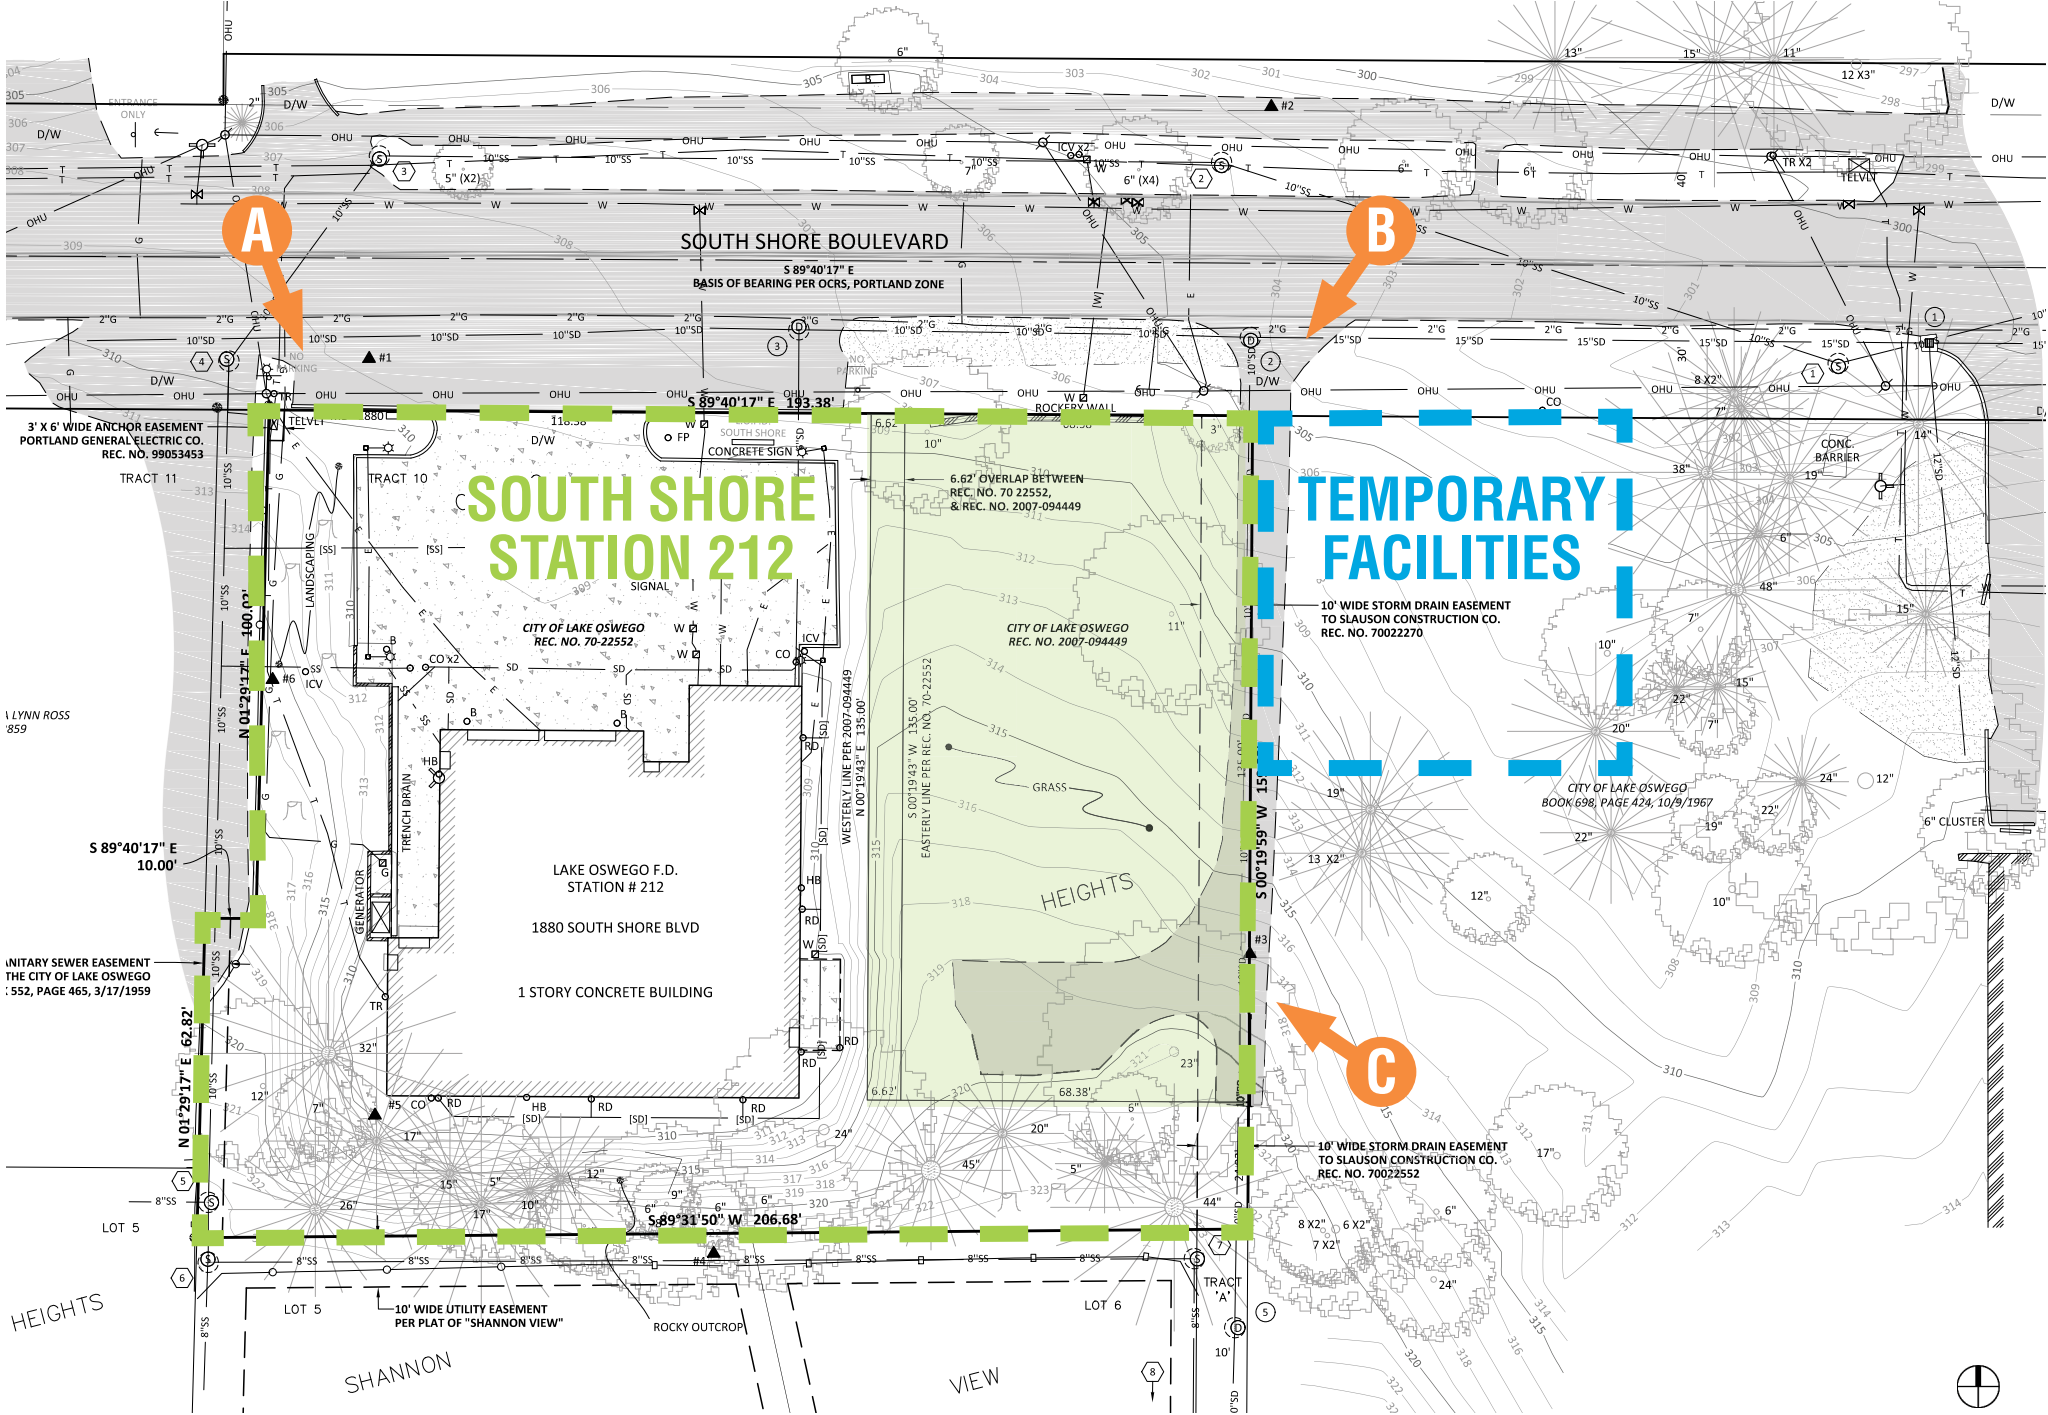

THE NEW SOUTH SHORE FIRE STATION...

- Prioritizes the health, safety, and well-being of our firefighters.
- Provides a welcoming and professional presence that thoughtfully engages the Lake Oswego Community.
- Is a resilient and durable station that will serve the evolving needs of the community for the next 50 years.
- Is built with responsible use of public funds while meeting Lake Oswego Fire Department's operational needs.
- Supports response reliability, efficient workflow, and strategic apparatus placement.
